**GLOSSARY**

**“Domestic Septage”** means liquid or solid material removed from a septic tank, cesspool, portable toilet, type III marine sanitation device, or similar storage or treatment works that receives only domestic waste. Domestic septage does not include liquid or solid material removed from a septic tank, cesspool, or similar facility that receives either commercial wastewater or industrial wastewater and does not include grease removed from a grease interceptor, grease trap, or other appurtenance used to retain grease or other fatty substances contained in restaurant waste.

**“Authorized Representative”** means as follows:

If the User is a corporation, a responsible corporate officer. “Responsible corporate officer” means: a president, secretary, treasurer, or vice president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation.

If the User is a partnership or proprietorship, a general partner or proprietor, respectively.

If the User is a federal, state or local governmental entity, the principal executive officer, ranking elected official, or director having responsibility for the overall operation of the discharging facility.
